WINMAGplus license - Geutebrück

Part-No. 013629

License option for WINMAG/WINMAGplus basic software. Required if Geutebrück video systems are to be connected to WINMAG.

This license may be ordered separately (subsequently) only in conjunction with the auxiliary Part No. 013609. The update number of the basic license must be included when ordering. The license is used for connection of the Honeywell intrusion detection systems MB/HB, 5008.
Please use order form on www.esser-systems.com.

Features:

· Switch camera to monitor
· Faults
· Status monitor
· Zoom, pivot, fixed positions for each camera
· Receive and acknowledge alarms
