

## WINMAG installation upgrade as of version 6

---

### Part-No. 013617

WINMAG installation upgrade to the most recent WINMAGplus control center software version

WINMAG installation upgrade to the most recent WINMAGplus control center software version. An existing WINMAG as of version 6 can be upgraded to the most recent WINMAGplus control center software version. For each installation with dongle (each connected PC) an upgrade version must be ordered separately.

Please use order form on [www.esser-systems.com](http://www.esser-systems.com).
